

NEO SLIDER™

500 + 800

COMPLETE SLIDING GATE SOLUTION

The Automatic Technology opener range features the NeoSlider™ 500 and NeoSlider™ 800. These two gate openers offer enhanced weight capacity and are suitable for most residential gates.

NeoSlider™ 500 is perfect for residential gates weighing up to 500kg and 6m wide. This powerful unit will operate the majority of residential gates in Australia.

NeoSlider™ 800 is the heavy duty sliding gate opener for residential gates weighing up to 800kg and 8m wide. Ideal for gates with cladding or heavy materials, the NeoSlider™ 800 lets the homeowner create a modern look that complements their personal style.

WHAT'S INCLUDED:

NeoSlider™
control unit

2x TrioCode™128
transmitters

AT A GLANCE:

SECURE & RELIABLE TRANSMITTERS

The TrioCode™128 remote control ensures secure and reliable home access. It transmits on three frequencies to defeat radio interference, and uses a 128-bit encryption protocol for the ultimate in security.

POWERFUL DRIVE UNIT

Equipped with a powerful drive unit, the NeoSlider™ range is ideally suited for gates up to 800kg while the integrated Logic Control Technology and LCD screen deliver a variety of custom settings to suit each site.

SMOOTH OPERATION

Clever features include soft Stop and Start, obstruction detection as well as vacation mode and pedestrian access. The unit also incorporates a service indicator and a range of controlling inputs to interface with intercoms and other auxiliary devices.

OPTIONAL UPGRADES

Upgrade options such as Wireless Safety Beams, Wireless Keypad, Smart Phone Control Kit, Battery Back Up and SmartSolar™ package are available for both gate openers.

OPTIONS AND UPGRADES

SMART PHONE CONTROL KIT

Monitor and operate your gate on your smart phone from anywhere*. Control more than one location from the one app, such as home and holiday house. Receive push notifications about the status of your gate and garage door, view past activities, set various opening modes, customise user settings and more in the Automatic Technology App.

*Subject to cellular and WiFi connection.

BATTERY BACK UP

In the event of power failure, your gate will still operate.

WIRELESS KEYPAD

Great for families and active home owners, allowing secure access without a remote control or keys.

WIRELESS SAFETY BEAMS

Protect your family and possessions by detecting obstructions while your gate is closing.

SMARTSOLAR™ READY

Using only one solar panel the sun does all the work for you.
